

The PCC has today launched a survey to gauge public opinion on his precept proposal.

PRECEPT SURVEY: PCC proposes increase in precept to fund Constabulary in 2024/25

As your Police and Crime Commissioner, setting the policing budget is one of my most important responsibilities. I must ensure that the Chief Constable has the resources required to provide an efficient and effective service.

Later this month I will need to make a decision about the policing element of the council tax precept. I am planning to ask the [Police and Crime Panel](#) to support my proposal to raise the policing element of the precept by £13 a year (for a Band D property) to enable us to maintain the standard of service that the public expect.

I would be very grateful if you could take part in the survey (link below) and let me know what you think. Could I also ask you to forward this on to anyone else you think may be interested to comment.
